Yuri Gomes

http://ygom.es | me@ygom.es | Nürnberg - Germany

EDUCATION

UNIVERSIDADE FEDERAL DE CAMPINA GRANDE - UFCG

MSc in Computer Science
Oct 2016 | Campina Grande, Brazil
GPA: 8.46 / 10.0
Research Field: IoT Infrastructure

BSc in Computer Science
Mar 2014 | Campina Grande, Brazil
GPA: 3.24 / 4.0

STONY BROOK UNIVERSITY

Jan - Dec 2012 | New York, NY
GPA: 3.59 / 4.0
One year study abroad program
w/ full scholarship.

SKILLS

LANGUAGES AND TOOLS

Experienced:
Java • Kotlin • Android • Python •
NodeJS • TypeScript • API
Development • REST Services •
Kubernetes • Prometheus •
ElasticSearch • Unix • Swift
Familiar:
C • C++ • CSS • HTML • Unity
Objective-C • Qt • Lua • C# • React •
Redux

EXPERIENCE

ADIDAS | Software Engineer

Jan 2018 – Current | Herzogenaurach, Germany
- Worked on backend team to replatform the Checkout of adidas.com using modern web technologies.
- Led team of internal and external developers during planning, refinements and development of user stories using a DevOps mindset.
- Created a bridge between external devs (consultants) and business stakeholders to develop highly maintainable software.
- Increased site reliability through the implementation of monitoring capabilities with automatic alerting.

ADIDAS | Manager of Mobile Applications

Nov 2016 – Dez 2017 | Herzogenaurach, Germany
- Developed Android applications, libraries and protocols to integrate phones with smart products.
- Supported algorithm research by developing mobile apps with data tracking capabilities.

VIRTUS | Software Engineer

Apr 2015 – Sep 2016 | Campina Grande, Brazil | Partnership with Sony Mobile
- Developed multiple mobile apps in partnership with Sony Mobile.
- Integrated mobile apps with Sony Service ecosystem.

JAWBONE | Software Engineering Intern

Sep 2014 – Dec 2014 | San Francisco, CA
- Integrated external RESTful services with the UP platform.
- Implemented component to fetch minimal weather information based on user-metrics from the UP platform.

EMBEDDED LAB. | Software Engineer

Feb 2014 – Sep 2014 | Campina Grande, Brazil | Partnership with Sony Mobile
- Developed Android app that executes js scripts in a secure NodeJS environment.
- Developed NodeJS server that provides script description to Android clients.

JAWBONE | Software Engineering Intern

May 2012 – Aug 2012 | San Francisco, CA
- Switched search server from Sphinx to Apache Solr in staging and production environments.
- Enhanced search by implementing spatial and n-dimensional search and custom tokenizers using Solr.
- Implemented profiling methods to test the new search performance, usability and precision.

EXTRA INFORMATION

2012   CODE:2040 Fellow in San Francisco - CA
2014   Winner of Startup Weekend Education - Recife
2015   IEEE/ICCE Publication "Integrating MQTT and ISO/IEEE 11073 for health information sharing in the Internet of Things" (link)
